

Re: Docket# 98N-1038, "Irradiation in the Production, Processing, and Handling of Food."

I want the FDA to continue prominent labeling of food that has been treated with irradiation. The label should be conspicuous and include the logo for Irradiation.

Your Signature: Maria de la Paz

Additional comments: Stewardship is to take care  
of present and future generations. Also, in a  
DEMOCRACY there needs to be a choice in  
purchasing either, or ~~can~~ irradiated products.
